

Extreme accuracy and reliability in a rugged, easily portable design...

PORTABLE SCALE

Precision portable weigh-in scales go wherever accurate weight measurements are needed.

Model PS-6600 ST

The nation's top-selling sports scale for the past decade. The "Take-A-Weigh" is renowned in youth sports that require precise weight measurements on the go. Also great for home use, athletic training, and weight management.

"Super Tuff" ST platform features one-piece cast aluminum construction that is lighter, stronger and more durable with safe rounded corners and a recessed, non-skid rubber mat. Exclusive "Plug & Weigh" cable system connects the platform to the console. Should the cable ever be damaged, replacement takes only minutes and can be easily done by the scale user.

New NiMH (nickel metal hydride) technology: These powerful batteries are environmentally friendly, provide more weighings per charge, plus keep a charge longer than ever when not in use. Put the scale away charged at season's end and it will be ready for action next year. A Befour exclusive!
